Ending Homelessness for Women and Children

2023
Annual Report

Dear Friends,

Because of your support, Barrett Foundation is in its 39th year supporting women and families experiencing homelessness. I am so grateful to have joined this organization last year and look forward to celebrating Barrett's 40th anniversary with you in 2025.

With homelessness skyrocketing by as much as 48%, and with the increased cost of living, your support for Barrett's mission was critical last year. We are seeing more and more clients who are experiencing homelessness for the first time, like Kaylene and her daughter Makayla. While staying at Barrett House last year, they were able to find the comfort, support, healing, and new skills to put an end to their brief experience of homelessness.

Since the pandemic, we've been able to add new programs, and reconnect in person with long-time partners such as Albuquerque Healthcare for the Homeless, APS tutors and community volunteers who provide support to our participants. Albuquerque Healthcare for the Homeless started back on-site in February to offer weekly individual and group counseling. Children received academic support from an APS tutor.

Last year we served 933 people experiencing homelessness.

Other donations and grants helped provide three meals a day for our residents at the shelter, and assisted with the costs clients encounter when moving into a new home.

Barrett House shelter, like any home, has monthly utility expenses, routine maintenance, and repairs that are getting more costly. Our supporters literally helped us to keep a roof over our heads and pay for expensive plumbing, heating, A/C repairs, fencing, and flooring.

I can't underscore enough how your support ensures our workforce has the tools and support they need to provide effective and compassionate service to our clients. Last year, we were able to attend trainings that improved our skills in crisis de-escalation, cultural humility, and other relevant topics.

I look forward to seeing more of you in the coming years, and I thank you in advance for keeping Barrett in your charitable plans in 2024.

Gratefully,

Cory Lee, Executive Director
